Joe, I looked at this language for the Murphy's RCRA permit and thought that it may need to be updated based on all the RI/FS and ROD work you have done since the last time we spoke a couple of years ago. Could you take a look and let me know if it needs updating and what the update would need to be? Thanks in advance.

Frank,  
I reviewed the attached language and have no comments. I wanted to check with you before I contact Jim Paterson.

Thanks,

Hello Jay,

I spoke with Joe. The permit language is making its way through the various folks. I can't give you a specific timeline, but I know Joe has not lost track of it and is planning to get back to you as soon as he has the input he needs.
